

Patterns for the project

Dear companions, club Governors and Presidents,

Rotary Club

I'm from Rotary Club Carpina - Brazil, my name's Dorotéa Monteiro, Directory Foundation Rotaria Commission and responsible for the project office. We need an International Pattern to the projects attached. Our club is in the Northeast part of Brazil in the state of Pernambuco. The projects will benefit young people, women who take care of their houses by themselves and elderly people.

In case you accept to become a pattern, send us a letter with the agreement of two (02) Rotarians to watch over the project.

Thanks.

Dorotéa de Olivera Monteiro
