**Rotary Foundation Information**  
(from Rotary.org)

The Rotary Foundation is a not-for-profit corporation that supports the efforts of Rotary International to achieve world understanding and peace through international humanitarian, educational, and cultural exchange programs. It is supported solely by voluntary contributions from Rotarians and friends of the Foundation who share its vision of a better world.

The Foundation was created in 1917 by Rotary International's sixth president, Arch C. Klumph, as an endowment fund for Rotary "to do good in the world." It has grown from an initial contribution of US\$26.50 to more than US\$73 million contributed in 2000-01. Its event-filled history is a story of Rotarians learning the value of service to humanity.

The Foundation's Humanitarian Programs fund international Rotary club and district projects to improve the quality of life, providing health care, clean water, food, education, and other essential needs primarily in the developing world. One of the major Humanitarian Programs is Polio Plus, which seeks to eradicate the polio virus worldwide. Through its Educational Programs, the Foundation provides funding for some 1,200 students to study abroad each year. Grants are also awarded to university teachers to teach in developing countries and for exchanges of business and professional people. Former participants in the Foundation's programs have the opportunity to continue their affiliation with Rotary as Foundation Alumni.

**Veterans Day**

*-K. Lyon*

This is one day late to properly observe Veterans Day, but I figured, what the heck, every day is a good day to thank a veteran.

I have to say, I would not have lasted long in the military. The first time some drill sergeant screamed at me in Basic Training, I would have burst into tears and demanded to talk to my mother. I can't imagine anyone going through that, but I certainly see why they have to. So first of all, the veterans made it through that. Then, a lot of them had to leave home for a long period of time. That wouldn't have gone well for me either. Then, many were involved in active combat. Forget that. So, someone has to do the job that I am not willing (or able) to do. Thank you, veterans for all you sacrificed for me. Thank you, parents and brothers and sisters and friends of veterans who are no longer with us, for your sacrifices for my freedom. God bless you all. The only thing I can give in return is my gratitude and support of you now and in the future.
